

# OUR COMMITMENT TO YOUR SAFETY

We've been working hard to welcome you back to Grange Hotels in a clean and safe environment, and with the minimum of disruption to our guests. As such we have implemented new measures throughout the property to ensure the safety and well being of our guests and staff.

Hand sanitiser is provided in all public areas. Staff wear masks, gloves and observe social distancing measures and screens have been placed at reception.

All areas of the hotel are cleaned and sanitised to stringent standards, with a focus on high touch-point areas being sanitized every hour. Enhanced deep cleaning is carried out between guests, both in our bedrooms and conference spaces.

All dining must be pre-booked, allowing guests to enjoy their meal in safety and comfort at a set time.

Take away and in-room dining is also available.

A queuing system with social distancing measures has been implemented at reception with signage around the property as a reminder to keep a safe distance.
